# HOW TO TEACH PRIVATELY

with Leslie Denny, E-RYT500

*Have you made the decision to offer private lessons to students?*

This three-hour workshop will help you define a private practice, provide the process for a basic intake, record keeping, basic range of motion testing and understanding the student/instructor relationship. It will also discuss the use of the yoga sutras to help coach your clients. Bring or purchase a copy of The Secret of Power of Yoga by Nischala Joy Devi.
